

LI FA SHUN INTERNATIONAL CO., LTD.

Mainland China Manufacturing Plant

Li Fa Shun built up in 1995, then in 1998 our China factory located in Baoan, Shenzhen of China,

The total area is around 3000square meters with total staff around 150 to 200, which including 10-19 QC staff and 5 to 9 R&D staff

Our factory is located in close proximity of the airport, sea port and an industrial center. It takes merely 30 minutes to commute to each of these facilities.

Meanwhile, we are also equipped with a 1000-square-meter warehouse which enables ample storage for products.

We purchase materials mainly from domestic suppliers (90%). Overseas procurement accounts for 20% of the source of our materials.

Our factory is made up of 3 production lines with 80% of the production process semi-automated. Automation and manual labor account for 10% of the process respectively. Our production equipment is 80% sourced abroad and 20% obtained from local suppliers.
